

2022 LAKE HOCKEY Golf Outing

Lake Hockey is a self-funded organization that gives both boys and girls an opportunity to play the sport they love during their high school years when it isn't offered through their home school. We have kids from all over the area including Defiance, Point Place, Patrick Henry, Whiteford, and everywhere in between. This outing will help with uniforms, equipment and other items that would generally be covered by boosters and or schools. We appreciate your support in helping this program to continue for years to come.
